We need your help with keeping tuition at an affordable price. We have many parents and friends with various skills, talents, and resources. We are asking parents and friends who have the resources to help with the below items. If you can help please let a CCS staff member know. Your resources and skills will be a blessing to the school.

Below are items that would bless CCS.

1. Electrical work.
2. HVAC work.
3. CCS received a donation of Pelco Video Security Cameras. We need help installing the equipment.
4. Replace bathroom partitions. Build and install.
5. We need to replace a couple of exterior doors.
6. Replace the broken window glass on the gym doors with metal blank panels.
